About the Book The outstanding feature of the remarkable Conversations with Eckermann is this, that the compilation furnishes an altogether unique record of the working of Goethe s mature mind. For Goethe s age at the period when the Conversations begin is seventy-three, and eighty-two when they end. John Peter Eckermann published his work in 1836. In 1848 appeared an additional portion. Eckermann, born at Winsen, in Hanover, was the son of a woollen draper. He received an excellent education, and studied art, under Ramber, in Hanover, but soon became enamoured of poetry through the influence of Korner and of Goethe. He became the intimate friend of Goethe, and lived with him for several years. In describing the friendship, Eckermann says, My relation to him was peculiar, and of a very intimate kind. It was that of the scholar to the master, of the son to the father, of the poor in culture to the rich in culture. His conversation was as varied as his works. Winter and summer, age and youth, seemed with him to be engaged in a perpetual strife and change. Goethe was one of the world s most brilliant conversationalists, ranking in this respect with Coleridge. For more eBooks visit.
