This is basically the finest publication i actually have go through till now. We have read and i also am confident that i am going to likely to read through again once more in the foreseeable future. It is extremely difficult to leave it before concluding, once you begin to read the book.

Random House Inc, 2015. Paperback. Book Condition: New. 12.7 x 20.32 cm. "From the acclaimed writer and thinker--whose award-winning books include both fiction and non-fiction--a dazzlingly original plunge into the drama of philosophy, revealing its hidden but essential role in today's debates on love, religion, politics, and science. Imagine that Plato came to life in the 21st century and set out on a multi-city speaking tour: How would he handle a host on Fox News who challenges him on religion and morality? How would he mediate a debate on the best way to raise a child between a Freudian psychoanalyst and a Tiger Mom? How would he answer a neuroscientist who, about to scan Plato's brain, argues that all his philosophical problems can be solved by our new technologies? What would he make of Google, and the idea that knowledge can be crowdsourced rather than reasoned out by experts? With a philosopher's depth and a novelist's imagination, Rebecca Newberger Goldstein probes the deepest issues confronting us--from sexuality and child-rearing to morality and the meaning of life--by allowing us to eavesdrop on Plato as he encounters the modern world. By reviving the Platonic art of the dialogue for the 21st century, she demonstrates that the questions he first posed continue to confound and enlarge us"-- Our orders are sent from our warehouse locally or directly from our international distributors to allow us to offer you the best possible price and delivery time.
