

Coal Tar Distillation And Working Up Of Tar Products (Hardback)

By Arthur R. Warnes

Read Books, United Kingdom, 2008. Hardback. Book Condition: New. 218 x 140 mm. Language: English . Brand New Book ***** Print on Demand *****.Originally published in 1913. PREFACE: CONSIDERING the importance of the coal tar industry at the present day, it is surprising how few practical text-books there are on this subject. I feel, therefore, that no apology is needed for offering to students, gasworks and tarworks managers and others interested in this industry, and in chemical technology, a short treatise dealing in a practical manner with the distillation of coal tar and the working up of its chief products. In order that this book could be produced at a moderate price it has been necessary to deal with the plant and processes used in the working up of the chief products obtained by the distillation of coal tar in a more or less brief manner. Special attention has been given to the plant used for, and the process of distillation of tar, as this portion of the industry is the most important, there being many works in which tar is submitted to distillation, or a partial distillation, for special purposes, and the distillates sold to other distillers for working...
