In fact, he states, it is the great challenge of one's personal spiritual struggle to remain centered in spiritual reality while pursuing success in business. He identifies and explores new principles of management for a new age: honesty and trustworthiness the spirit of service justice consultation unity moderation world citizenship universal education But he goes far beyond this, showing how to put these principles to work in the real world of business, what he calls practical spirituality , looking at: capital and finance design of work structure and organization human resource development information systems reward and recognition customers, suppliers and community and leadership A must-have book for anyone who wants to succeed in business in the 21st century.
