In the farthest reaches of the universe, in places our eyes have yet to behold, lurks the unknown. We search for life that we have dubbed alien in hopes of making contact and bettering our existence through alliances with life forms from other worlds. Are they out there? Do they know we exist? Seeking to know more - to learn from what is beyond our grasp - we search the deep, dark void of outer space, waiting for someone or something to communicate with us. But, when that signal comes, will we be ready? Will we dance with rapture when we receive Signals From The Void? TABLE OF CONTENTS From the Sky, Came Thunder By R. M.
